

Kings Contrivance Play Area Cluster Program

Presentation Outline

- Brief historical background of the Play Area Cluster Program
- Implementation Flow Chart
- Cluster play area overview
- Isochrone GIS analysis
- Proposed play area improvements

Historical Background – Cluster Play Area Program

- Meetings with the playground work group began in the summer of 2023 and a Columbia-wide survey was initiated
- Based on the results of the survey and input from the work group, the cluster play area policy was developed
- Columbia Board approved the policy on April 25, 2024

"It is resolved that the corporation will accept the Cluster Play Area Program Policy as the strategic plan for play areas to serve Columbia for the next 20 years. Any deviation or changes to the guidance document will be sent to the board in an annual play area update. The policy will be reviewed and updated every five years."

Program Flow Chart

Use GIS to create 10-min walk isochrones (forming a cluster)

Assess play areas in each cluster for unique aspects

Prioritize 5-12 age group, climbing, and expanded seating

Repurpose play areas that cannot meet safety standards (seating area)

Coordinate with the village on design specifics for the cluster
